ZIMMERMAN PLEADED GUILTY.

Old Man Charged with Conspiracy to Defraud State.

Columbia, S. C., Feb. 27.—Daniel H. Zimmerman, aged 70, pleaded guilty to a charge of conspiracy to defraud the state. He, with T. J. Gibson, another elderly man, was accused of having purloined $12,500 in bonds from the state treasury, where Zimmerman was bond clerk for ten years, and the abstraction of bonds was not discovered until he had been sent out of office for several years. Gibson is said to have negotiated the sale of the bonds. He will be tried later. Zimmerman is well connected and the case caused a sensation.

The indictments were, 1, Conspiracy, forgery, uttering a forgery; 2, larceny, breach of trust with fraudulent intent and receiving stolen goods, knowing them to be such; 3, breach of trust with fraudulent intention, larceny and receiving stolen goods, knowing them to be such.

T. J. Gibson, a broker, who was joined in the indictment with Zimmerman, as having disposed of the bonds, was permitted to continue his case after Zimmerman pleaded guilty.

It is believed that Zimmerman's plea was for the purpose of taking the case to the supreme court on a technicality.

Sentence was suspended until Gibson's case is disposed of.

TWENTY BLACKS LOST LIVES.

By Burning of the Steamer Marion at Hart's Landing.

Charleston, S C., Feb. 27.—Owing to inaccessibility of the place where the steamer Marion was burned Friday morning—Hart's Landing, on Wadmalaw river, about 40 miles from Charleston—information has been very hard to get.

Monday the report of Captain Ferguson, was filed with government inspectors. It is now known that 20 negro passengers were drowned or burned to death, and a dozen more are missing.

The fire started at 8 a. m. forward, during a high wind, with passengers asleep, and many were cut off, although the vessel was run into a wharf within a few minutes after the alarm. There were seven white passengers and about 50 negroes.

The great loss of life seems to have been on account of the negroes becoming terror-stricken and neglecting to get life-preservers, of which there were 350 on board.

The Marion was licensed to carry 200 passengers, and cost $20,000. Only $5,000 insurance was carried.

The value of the cargo, which consisted of general merchandise, was estimated at $5,000.

Want Cockfights Restored.

Washington, Feb. 27.—It is understood that Governor Magoon will refer to Secretary Taft the question that has been raised by the Cuban people of the propriety of rescinding the order made by Major General Wood when he was governor general of Cuba, prohibiting cockfights in the island. Secretary Taft had such an experience as Governor Magoon is now undergoing when the former was governor of the Philippines and although he was able to prevent cockfights in Manila so deeply seated was the love of this sport that he was obliged to refrain from interfering with this ancient institution outside of the capital. Hence every holiday saw a pilgrimage of the citizens into the suburban towns to enjoy the sport. It is said that Governor Magoon may decide to follow Governor Taft's example in this matter.

Will Head Carnegie Trust Co.

New York, Feb. 27.—Leslie M. Shaw, secretary of the treasury, who will retire fro mthe cabinet of President Roosevelt, March 1, according to a story published in the Herald, is to become the president of the newly organized Carnegie Trust company of this city.

SERIOUS CHARGE FACED BY MILL MEN

Charlotte, N. C., Manufacturers Are Charged With

VIOLATING ALIEN LABOR LAW

District Attorney Calls One of the Penalty Suits and Is Now Making a Test Case of It—Result Will Determine All the Cases.

Charlotte, N. C., Feb. 27.—The United States court convened in Greensboro, N. C., Tuesday morning to try the famous cases of the government against the Charlotte mill men.

The district attorney called one of the penalty suits and is making a test case of it, and the result of this will determine all the cases.

The defendants are charged with violating the laws of the United States in bringing into this country certain alien laborers to work in the cotton mills of North Carolina. There are 71 counts in the two complaints, making in all $71,000 in penalties that are being sued for by the government.

The men under indictment are Edward A. Smith, Thomas M. Costello, Sumner Sargent and D. C. Dwelle. In addition to the counts for penalties they are charged with conspiracy to volate the criminal laws and this test case will be hard fought since so much depends upon the result.

There are many witnesses, and the trial may consume several weeks. Among those who will testify will be the 26 English girls who were carried to Greensboro from here several weeks ago. A number of Charlotte people, including several newspapermen, will be called on to testify.

It is said that the newspaper men have gathered much information, not only from the English girls themselves, but from leading mill men, with whom they have talked in the early stage of this affair. And it is said that the government will try to make these newspaper men go on the stand and testify as to matters that they learned in confidence.

On the other hand, many prominent cotton mill men of this section will be summoned by the defense to testify as to the scarcity of cotton mill labor.

Charged with Murder.

New York, Feb. 27.—Thomas Noona, a factory watchman, was arrested Tuesday, charged with shooting to death Philip McNally, night engineer in the factory, where Noonan was employed. Noonan admitted the killing, but declares that he acted in self-defense. The trouble which caused the tragedy arose some time ago, when Noonan lost his position because of intemperance. He held McNally to account for the loss of his position, declaring he was discharged on account of information given the factory superintendent by the engineer. This was denied by the superintendnt, who said that not only did not McNally report him, but that it was through the intercession of the engineer that the watchman was later re-employed. The superintendent also said that part of the time when he was idle Noonan was sheltered in the home which McNally maintained for his three motherless children.

Kidnaped Child Rescued.

Chicago, Feb. 27.—After a search of nearly a year, in which almost every gypsy camp in the south and northeast had been searched, Cecelia Demetro, 12 years old, daughter of a wealthy Greek in Little Rock, Ark., who had been kidnaped March 1, 1906, was found and rescued Monday in a camp near Thornton, Ill.

Connor Shot Rowell Down.

Valdosta, Ga., Feb. 27.—Henry Rowell, a young man, was shot and killed by D. C. Connor, a merchant, at Moniac, on the Georgia Southern and Florida railroad. Rowell is said to have been cursing Connor in the presence of the latter's family, at his home, when the shooting occurred.

GARDNER JABS AT THE SOUTH.

Massachusetts Man Is Worried by Immigration Matter.

Washington, D. C., Feb. 27.—The opponents of immigration in the south are not yet satisfied.

In order to keep up the agitation, the committee on immigration has now requested the president to direct the attorney general to give his opinion upon the question as to whether the importation into South Carolina of the Wittekind immigrants by Commissioner Watson violated the alien contract labor laws, or whether in the importation of those immigrants any law has been violated. The inspirer of this request is Representative Gardner, of Massachusetts, who is second in rank on the immigration committee of the house.

The president has not yet been heard from as to the disposition he will make of this request, and as congress is about to adjourn, the attorney general would have little time to prepare an opinion on this matter. Moreover, the house would have no time to take up the matter at this late day. In the event the attorney general should say that the law was violated. It is expected, however, that the attorney general will give in any event such an opinion as will let congress and the country show whether or not the two immigration laws just passed will prevent further importation of the immigrants under conditions similar to those of the Wittekind immigrants, that is, whether the commissioner may use money subscribed by private individuals, or a cotton mill, or other association for the purpose.

OFFICER SHOT FOR BURGLAR.

Augusta, Ga., Merchant Kills Policeman by Mistake.

Augusta, Ga., Feb. 27.—Police Officer Walter Wilkins was shot and instantly killed here by E. M. Fuller, while examining the rear door of the Augusta Hardware company's store.

Fuller was at work in the store, when he heard some one fumbling with the latch of the rear door which opens into an alley. He seized a shotgun and ran around to the rear from the front, through the side alley, loading as he went. Without a word having been exchanged, he approached the officer, who was still at the door, and poking the weapon almost in the officer's face fired.

So close was he that the shot made but a single wound, penetrating the forehead near the center.

Police Officer Corely was with Wilkins, the officer not entering the alley alone on account of the situation and the neighborhood. He said he heard someone saying: "Here comes a burglar now," dodged behind a pile of boxes. He cried out to Fuller as soon as the shot was fired and Fuller thereupon gave himself up without trouble.

Fuller declines to make a statement. He is in jail on the charge of murder. It is believed that the frequency of recent burglaries caused the mistake by Fuller, who bears an excellent reputation.

Big Coal Contract.

Pittsburg, Feb. 27.—The Southern Pacific Railway and Steamship company and the St. Louis Gas company, have contracted with the Monongahela River Consolidated Coal and Coke company, of this city for $1,000,000 worth of coal. The largest contract was secured from the Southern Pacific Railroad and Steamship company, which contracts for 250,000 tons to be delivered at its wharves at New Orleans. The order means a beginning of the end for oil as fuel in New Orleans. The Southern Pacific since the discovery of petroleum in Texas and Louisville has used immense quantities of oil for fuel. The scarcity of oil and the increasing price are said to be the cause of the change.

Lawyers Lost Fee.

Washington, Feb. 27.—In an opinion handed down Monday by Justice Moody the supreme court of the United States decided the case of Cunningham and Jones versus Springer and Dawson, growing out of the old litigation over the Maxwell landing, Mexico, in favor of Springer and Dawson. Cunningham and Jones were suing for $2,000 attorney fees.

DOMINGO TREATY PUSHED THROUGH

Convention Was Fought By Senator Bacon In Vain.

RIGHT OF ACTION QUESTIONED

One More Vote in the Affirmative Than Was Necessary—Bacon Says the Treaty Ratified Is Worse than the First One.

Washington, Feb. 27.—By a vote of 23 to 19 the senate has ratified the Santo Domingo treaty. This was one more vote in the affirmative than was required.

The ratification of the treaty followed a debate in executive session during which Mr. Bacon, of Georgia, condemned the pending treaty as worse than that negotiated in 1905, the one supplanted by the pending one. The 1905 treaty authorized the United States to examine into the debts to about 50 percent of their face value, with the exception of the claim of the San Domingo improvement company, controlled by American capitalists, which is to receive about ninety per cent of the face value. These capitalists, said Mr. Bacon, have used this government as a cat's paw. He expressed the belief that a large part of the debts were fraudulent and that in providing for the payment without opportunity to adjust the claims, the United States is aiding graft and participating in placing an unjust burden on the republic.

Under the form of settling Mr. Bacon thought that there was an excellent opportunity for manipulation by men skillful in such transactions.

The sale of 5 per cent bonds to the amount of $20,000,000 payable in 50 years which is a part of the plan of settlement provided by the treaty, Mr. Bacon said, makes the United States responsible for the collection of revenues for 50 years and has the effect of esablishing a protectorate over the republic.

He asserted that this government has no right under the constitution to create a protectorate by treaty and he was even doubtful if it could do so under an act of congress. A protectorate over San Domingo, he declared, means that eventually it would have to be extended over Hayti and he expressed the opinion that if the United States sends its authorized agents into the island it never will withdraw them. "It means annexation and nothing else," he said.

The worst feature, Mr. Bacon said, was the precedent it establishes. He believed it would be the ground for similar proceedings in relation to other West Indian islands and that it would extend to take in practically all of the Central American states.

No New Light on Tragedy.

London, Feb. 27.—The case of Horace G. Rayner, who shot and killed William Whiteley, of West Bourn Grove, Jan. 24, was heard in a police court here Tuesday. Counsel for the treasury which prosecuted, dealt at length with the prisoner's parentage and admitted that there was some doubt on the subject. Counsel added, however, that he was prepared to produce overwhelming evidence to show that there was not the slightest ground for the suggestion that Rayner was Whiteley's son. Counsel also asserted that there was no truth in the reports that the deceased merchant had been for years a victim of an extensive blackmailing scheme. The testimony taken Tuesday threw no new light on the tragedy, and the prisoner was remanded.

Texas and Pacific Raises Wages.

New Orleans, Feb. 27.—It was announced Monday that the Texas and Pacific railroad has raised the wages of 200 freight handlers from $1.75 per day to $1.80 with proportionate increases for overtime.

Football at Harvard.

Boston, Feb. 27.—Football will be played at Harvard university next fall, according to statements made by President Charles W. Eliot which were made public Tuesday.

NEWS OF CITY AND COUNTY CONDENSED

Dr. and Mrs. Clyde Carter are now pleasantly located at 506 South University street, where they will be at home to their friends.

Two prominent young men visiting this city are S. G. Mooney and Ward C. Williams, students of the University of Minnesota, who are spending a few weeks touring the important points in the State. They are stopping at the home of H. P. Holstein, West Liberty street. These gentlemen are well pleased with Gainesville, which they declare to be the "most up-to-date little city" they have seen, not only in Florida, but in other sections of the country. They are particularly impressed with our beautiful shade trees and the wide streets, which are a novelty anywhere.

A Successful Opening.

A great many ladies were attracted to the millinery opening of Mrs. F. T. McCormick yesterday, and all pronounced it one of the most up-to-date affairs ever attended. Mrs. McCormick states that she is well pleased with the success of the function, having enjoyed a fine trade.

The opening was something out of the ordinary, the visitors being treated to excellent piano music by Miss Hainwright during the entire time. The parlors were tastefully decorated with evergreens—ferns and palmetto—which made a strikingly beautiful contrast with the handsome hats, etc., on display. A handsome boquet of roses, to which was attached a card, was presented to each visitor.

Mrs. McCormick has a number of styles entirely new in suggestion to this section, and probably to the State, being of strict Parisian origin and direct importation.

The opening will continue throughout today, and the ladies are cordially invited.

A Unique Proposition.

A friend of The Sun who is a great lover and believes in mathematical problems, has clipped from some periodical the following problem, which he requests us to publish:

"How many apples were eaten by Adam and Eve? We know that Eve ate and that Adam 812, total 893. But Adam 8142 please his wife, and Eve 8242 please Adam; total 89 384 Adam, again, Eve 814240 fy herself, and Adam 8124240 fy himself; total, 8,938,484."

An Enjoyable Outing.

J. V. Duke, Mrs. J. H. Truby and son, Mr. and Mrs. J. M. Shelton and daughter, Miss Idel, and Mr. and Mrs. H. Waters and children, determined on a day's pleasure, spent Monday at Alachua sink on a fish fry and picnic.

The party left early in the morning. Luck was good in the fishing line, with the result that the party enjoyed a fine dinner and a comforting and novel meal under the spreading shade-trees, returning in time for supper.

A GREAT INCONVENIENCE.

New Schedule Will be Inaugurated by Tampa and Jacksonville Railroad.

The Tampa and Jacksonville railroad, more familiarly known as the Gainesville and Gulf, will inaugurate a new schedule on the 1st prox. which cannot help but prove a great inconvenience to the traveling public, as well as a detriment to the merchants of Gainesville. This schedule, however, will be only temporary, pending the arrival of additional rolling stock, which is expected almost daily when the double-daily service north and a more convenient schedule south, has been promised.

There will be no morning train north, according to the new schedule, the only train leaving Gainesville at 6 o'clock p. m, and connecting at Sampson City for points north and south.

Under the proposed arrangement it will be impossible for parties residing south of Gainesville to come to market, spend the day and return in the afternoon or evening. The only train arriving from Fairfield, Micanopy and intermediate points, will reach Gainesville at 4 o'clock p. m., returning leave Gainesville at 11 the following morning.

In the Mayor's Court.

There were three cases in the municipal court Wednesday morning, two of the defendants being convicted and the third discharged for lack of evidence.

B. Thomas and Arthur McRae, both colored, was arraigned upon a charge of disorderly conduct, the specification being fighting. They were fined each $5 and costs or thirty days, paying their fines.

Robert Sherrod, a well known and orderly hackman who says he always endeavors to comply with the law, was arrested at the instigation of Sam Peach, a drayman, who alleged that Sherrod's team ran over him in the street and knocked him down, and he wanted vengeance. The defendant was arraingned, but from the testimony of witnesses it appeared that Peach, who was standing by his dray, was looking in another direction as Sherrod's team approached. He "backed off" into the street, and, noticing the approaching team, "backed back" so suddenly that he was apparently thrown by his own team.

Sherrod was discharged.

"It's sho' too bad ter let er team an de witnesses bof run ober yer an' den de co't gib yer no revenge," remarked Peach, as he left the court room with a sore back and sore disappointment.

Abstractors Organize.

A number of abstractors of the State met in Jacksonville Tuesday for the purpose of organizing a State association, which was effected under the name of the Florida Abstractors' Association.

The following officers were elected for the ensuing year:

Carroll D. Judson of Jacksonville, president; B. R. Colson of Gainesville, first vice-president; V. L. Beed of Miami, second vice-president; Geo. W. Conover of Jacksonville, secretary, and W. W. Clyatt of Ocala, treasurer.

The purpose of this association will be for the mutual advancement and interests of the abstractors and their patrons.

At the Aragon Hotel, in the evening, the association was tendered a banquet by the Realty Title and Trust Company, after which the members were invited to inspect the modern office methods and system of that company.

HAD A FINE MEETING.

Carpenters' and Joiners' Union Held Open Session Tuesday Night.

The local carpenters' and joiners' union held an open session at their quarters, 113 East Union street, Tuesday evening, which was well attended, and which is destined to accomplish a great deal of good for the union in this section.

The meeting was presided over in a clever manner by S. H. Dempsey, who introduced J. W. Wilson of Jacksonville, State organizer. Mr. Wilson made an eloquent and impressive talk, and was followed by members of the local organization.

Concluding the exercises, which consisted of speaking, a delightful smoker was indulged in, and refreshing lemonade was also passed.

Dr. Goldstein Returns.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THOUSANDS STOLEN FROM SUB-TREASURY

Daring Thief Raids Sub-Treasury at Chicago.

MYSTERY NOT YET UNRAVELED.

Sweat-Box Methods Have So Far Failed—Officials Believe Some Employee of the Department Must, of Necessity, Have Been Involved.

Chicago, Feb. 26.—The Tribune says that one of the largest, if not the largest, thefts from the United States treasury has been unearthed in Chicago.

Somewhere between $175,000 and $200,000 was taken from the local sub-treasury last week. The money has disappeared as completely as it had vanished from the face of the earth. The authorities here and in Washington have been working night and day on the robbery since it was discovered.

Chief Wilkie, of the United States secret service, has been keeping informed by telephone and telegraph of every development and, according to telegraphic advices, he will leave Washington at once to take personal charge of the investigation.

Secretary Shaw, of the treasury department, was told of the gigantic theft when in Chicago last week and was in conference with sub-treasurer William Boldenweck and secret service officials.

The money was stolen either a week ago Saturday, the next day, or last Monday. The chances are that it was abstracted on Monday. The loss was discovered on Tuesday.

All the money taken was in large bills, bills of the denomination of $1,000, $5,000 and $10,000.

Just who discovered the loss the sub-treasury officials would not admit. Neither would they tell from what department the money was taken, nor how the loss was discovered.

At first it was believed that there must be some error in the bookkeeping. It was thought to be impossible that such a large sum of money could have been abstracted in face of all the safe guards thrown around Uncle Sam's strong box.

Every man who haw anything to do with the case was called into Treasurer Holdenbeck's office and put through an exhaustive examination, and a still more rigid cross-examination. Captain Porter, of the secret service, assisted in the inquisition.

They stood the ordeal every one of them. They denied all knowledge of the theft, and protested their innocence. But it was perfecetly obvious that some one was lying. The chances were 1,000 to 1 that one or more of the employes actually had purloined the cash or had connived at the theft by some outsiders.

Day by day since then the sweating has been kept up. Mr. Boldenweck, Captain Porter and his assistants have worked from daylight until dark, and from night until morning. All of Sunday the investigation proceeded in Mr. Boldenweck's private office.

Saturday there came a glimmer of light. A faint clew pointed in the direction of a certain clerk and that followed up, directed the finger of suspicion to another employee, a close associate of the first man.

These men were summoned into the inquisiton chamber separately and subjected to a gruelling examination. The suspicious circumstances against them were paraded, the certainty of detection and punishment was impressed upon them, and they were advised to make a clean breast of whatever part they had played in the conspiracy. One, thought to be the moving spirit, came through the ordeal without turning a hair. He remained calm and self-possessed. His sang froid amazed the officers, and they put him down as innocent or a master hand of criminality.

The other, younger and much weaker, showed signs of breaking down. Just what he admitted, the secret service men refuse to disclose, but it is believed to be tantamount to a confession.

Every employee of the office is under surveillance day and night, and should one or more of them prove to be the thief or thieves, escape will be impossible. All have reported for work daily since the discovery was made. Every man, too, is under bond, but not to any amount near the loot taken.

The huge vault of the sub-treasury is constructed of many layers of chilled steel and has a number of layers which must be passed before entrance is secured to the apartment containing the money. The theft of money which had once got into the vault has been regarded as an impossibility.

DEATH AT LOCHLOOSA.

Edgar Hayman, Well Known Young Man, Passed Away Monday.

Lochloosa, Feb. 27.—On Monday morning our hearts were made sad by the death of Edgar Hayman, which occurred at 5 a. m. He had been a sufferer most all his life and bore his sufferings with great patience and fortitude, and thereby endeared himself to father and mother, brother and sister. He united with the church at about twelve years of age, and has lived a consistent life.

Deceased had won a name which is above the price of rubies, for everyone who knew him said, Edgar was a good boy. He never gave his teachers any trouble. His playmates loved him. Had he lived until the 14th of April, he would have been nineteen years of age.

The school was suspended for two days on account of the funeral and death.

A large crowd attended the funeral services, which were held at Orange Creek Baptist church, on Tuesday morning at 10 a. m. His body was laid to rest until the resurrection morn in the cemetery near the church.

For Murder of Her Mother.

New York, N. Y., Feb. 26.—A case which gives promise of developing sensational features will come up in New York Tuesday, when Mrs. Lottie Wallau will be formally arraigned for a hearing on a charge of having murdered her mother, Mrs. Ida Binge, by administering mercury in champagne while Mrs. Binge was desperately ill. Mrs. Walsh is now at liberty under $50,000 bail.

Will Become Postmaster General.

New York, Feb. 27.—George L. Von Meyer, former American ambassador to Russia, arrived here Tuesday on the steamer Kaiserin Auguste Victoria from Hamburg. He returns to the United States to become postmaster general in President Roosevelt's cabinet.

HARRIMAN WAS FIRST WITNESS.

Called at the Inquiry of the Interstate Commerce Commission.

New York, Feb. 26.—E. H. Harriman was called as the first witness at the inquiry of the interstate commerce commission and took the stand at 10:20 o'clock Monday.

Mr. Harriman identified a statement prepared by Comptroller Mahl showing that the value of stocks acquired by the Union Pacific and the Oregon Short Line since July 1 last amounted to $131,000,000.

Harriman also testified that the purchase of the Union Pacific in Baltimore and Ohio amounted to $45,000,000, and were to be paid for in March and September.

Mr. Harriman also said he met the late President Cassatt, of the Pennsylvania railroad in August or September at Bar Harbor and discussed the purchase of the Baltimore and Ohio. He did not think he discussed the price with President Cassatt. There were no conditions with Kuhn, Loeb & Co., as to the purchase of Baltimore and Ohio and no outside understanding. It was a clean transaction. It was a continuous line throughout the country through other companies.

Mr. Harriman denied that he and his associates had been speculating in securities. Their purchases were the reinvestment of the proceeds of their sales of Northern Pacific. They were not made for the purpose of securing control of the roads in question. The investments had been made for the purpose of improving income. The witness had no plans as to the future sales of present holdings.

FOR STOMACH SUFFERERS.

Don't Use Any Remedy That Keeps Its Formula a Secret.

People who are troubled with stomach weakness cannot afford to use any remedy unless they know what it contains.

Mi o na is not a mere digestive giving only temporary relief, but a specific for all disorders of the digestive organs, and so effects a permanent cure for stomach troubles.

Your physician will tell you that nothing is better than a combination of chemically pure bismuth subgalate to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bi-carbonate, which neutralizes the poisonous acids that are present in stomach troubles, and nux vomica, which will restore vigor to the digestive organs and tone the whole nervous system.

This combination is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system and cure all forms of stomach disorders that J. W. McCollum & Co. sell the remedy under a guarantee to refund the money unless it cures.

If you suffer from indigestion, distress after eating, specks before the eyes, headaches, pains in the back and side, emaciation, bloating, nervousness, sleeplessness, or any of the other symptoms of stomach troubles, begin the use of Mi-o-na stomach tablets at once. J. W. McCollum & Co. sell them in 50c boxes with a guarantee to refund money unless they cure.

Broken Levee Has Been Tied.

New Orleans, La., Feb. 26.—Control was secured Sunday over the dangerous crevasse near Jesuits Bend, the state engineers succeeding in "tying in" the ends of the broken levee so that the breach did not widen. It was announced by the state engineers, after inspection, that should the situation become threatening the crevasse can be closed, although at a great cost. It was decided to let the break flood the surrounding country at least for a few days. The current through the crevasse, estimated at about ten miles per hour, is deepening its channel.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all druggists'. Price only 50c.

A Hair Dressing

If you wish a high-class hair dressing, we are sure Ayer's Hair Vigor, new improved formula, will greatly please you. It keeps the hair soft and smooth, makes it look rich and luxuriant, prevents splitting at the ends. And it keeps the scalp entirely free from dandruff. Stops falling hair, also.

PHILIPPINE ISLES HAVE BEEN RAVAGED

Two Hundred of Inhabitants Were Killed.

THOUSANDS ARE NOW HOMELESS

A Dispatch to Madrid, Announced to the World the First News of the Awful Affliction Visited Upon the Southerin Part of the Island.

Madrid, Spain, Feb. 26.—A telegram from Manila, the largest city of the Philippines, anounced Monday at noon that the southern portion of the group of islands have been ravaged.

The details are very meager.

The dispatch says that two hundred of the inhabitants were killed.

As a consequence of the terrible affliction, thousands are rendered homeless.

So far no definite news to the United States government has been received.

Mrs. Thaw Again on the Stand.

New York, Feb. 26.—Mrs. Evelyn Nesbit Thaw was called to the stand Monday as soon as the judge had taken his place on the bench and without any preliminary statement District Attorney Jerome plunged into the cross-examination. Mrs. Evelyn Nesbit Thaw looked somewhat refreshed after her three days' respite and answered the first question put to her confidently. Thaw brought with him from the Tombs several packages of letters and papers. Mr. Jerome, as on the previous days of his cross-examination, continued to jump about from point to point in the witness' story. Mrs. Thaw said she had often been to supper with George W. Lederer and Jack Barrymore.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old cases of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Peeples Applies for Pardon.

Washington, Feb. 27.—William H. Peeples, who is serving a six months' sentence for an alleged embezzlement of a small amount while acting as postmaster at Kingsland, Ga., has made application for a pardon, claiming that only a technical violation of the law was committed. The amount of the shortage charged against Peeples was $290.28, and was promptly made good.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Railroad Wreck Explained.

Philadelphia, Pa, Feb. 26.—The Pennsylvania Railroad company has issued a statement in explanation of the accident on Friday night near Johnstown, Pa. The statement is the result of an investigation conducted by A. C. Shad, chief engineer; L. R. Zollinger, engineer maintenance of way, and H. M. Carson, assistant to General Manager Atterbury. It is said that the only tangible evidence of the cause of the accident found was the broken brakehanger, as stated by the manager previously.

Even From the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism, and can recommend it as the best liniment on the market. I thought at the time I was taken down with this trouble that it would be a week before I could get about, but on applying your liniment several times during the night, I was about in 48 hours and well in three days." Killed at a Party.

West Point, Ga., Feb. 26.—Saturday night at Langdale, Ala., while attending a party at the home of Will Fuller, two young men became engaged in a difficulty which cost Ben Hannah his life. The young man who, it is alleged, killed him, Touley Breedlove, now languishes in the jail at LaFayette, Ala., charged with murdering his friend and companion. Grover Jennings was also wounded by a stray bullet during the shooting, but the wound will not prove fatal. Liquor was the cause of the tragedy.

For Biliousness and Sick Headache

Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs. Orino Laxative Fruit Syrup cures biliousness and habitual constipation. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co.

From Ear to Ear Throat Was Cut.

Cordele, Ga., Feb. 26.—Preston Adams, a white man at Pitts, attempted to commit suicide Sunday morning by cutting his throat from ear to ear. It is said that before he attempted self-destruction, he tried to kill his wife and a man who happened to pass his house. Drinking is said to have caused the trouble. He was brought to the sanitarium here in the afternoon, where he is lingering between life and death.

BOY ACCIDENTALLY KILLED.

Twelve-Year-Old Youth Is Killed by Discharge of Gun.

Decatur, Ala., Feb. 26.—Little Richard Horton, aged about 12 years, died Sunday morning at 10 o'clock.

Late Saturday afternoon the little fellow was playing with a 22-caliber Flobert rifle at the home of his parents, Captain and Mrs. Roy C. Horton, at "Wilder Place," about three miles from Decatur, when coming down a stairway his foot slipped, and he fell, and the rifle was discharged. The ball entered the lower part of his body, passing through the bowels, and the doctors were unable to locate it. He lingered until morning, when he died.

Captain Horton, the little fellow's father, is captain of Dick Adams' Rifles, company E, Alabama national guards. Captain Horton is also one of the largest and most successful planters in this portion of the state. Richard was an only son.

Mexico Invites 5,000 Families.

Tampico, Mexico, Feb. 26.—Five thousand families of European immigrants are to be brought to the northern part of the state of Nuevo Leon as the nucleus of one of the most gigantic colonization projects in the history of Mexico. Two million acres of land has been secured upon which to establish the colonists. The tract is being prepared and a line of railway to connect with the Matamoras branch of the National and touch the principal points of the property is now under construction. A deep water port on the Gulf of Mexico is also being established.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alone; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one-dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed at all druggists'. 50c and $1.00. Trial bottle free.

Alabama Exhibit at Jamestown.

Montgomery, Ala., Feb. 27.—The house has passed the bill to appropriate $25,0000 to the Jamestown exposition, with a commission of five, the chairman to be paid $1,000. The house also voted to reconsider the defeat of the tax equalization board, sending it back to the committee on ways and means. The senate defeated the bill to exempt for ten years cotton mill property, newly constructed, or additions to old mills. The automobile bill was passed, making it obligatory on all drivers to stop when animals seem to be frightened.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by all druggists.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

A LESSON IN PLANT LIFE.

John Oliver, a South Carolina planter, has a wonderful curiosity on his farm. It is a sycamore tree three feet high, which has actually penetrated through a solid brick simply by the force of its own growth, and come through healthy on the other side. It seems that the brick was imbedded solidly into the top of the soil, and that a seed was buried some inches beneath it. When the seed put forth a sturdy sprout it slowly, week by week, ground its way through the resisting sand and clay of the brick and finally emerged on the side of the larger light and life. This everlasting whimpering of some folks make one tired. What if the fates are seemingly against you? What if you have to breast wind and tide? Go anyhow! Turn the nose of your vessel out toward the open sea. Pull the throttle clear and throw the bunkers wide open. You don't have to see it—just know the port toward which you're headed. That's it! On the distant shore across the sea there is a harbor. Laugh at the impossible and say it shall be done. Go ahead, old fellow, you'll win! Sure, you'll win! And then they'll all get in the band-wagon.

The railroads must find it cheaper to kill the public and their employes than to adopt safety devices and other expensive precautions against accidents. The report of railroad accidents just issued by the Interstate CommerceCommission for the three months ending September 30, 1906, shows 267 killed and 3,691 injured. Accidents of other kinds bringing the total number of casualties up to 19,850, or 1,182 killed and 18,668 injured. These reports deal only with passengers and employes on duty. The price of human life must be raised and the railroads will soon be more careful.

Secretary Shaw has just discovered that "the times are not friendly to State craft." If you mean of the standpat order, Mr. Secretary, you are evidently correct, for there is a very friendly feeling for tariff revision. Or if you mean that the people do not seem to snuggle up to statesmen of the Shaw caliber, how can you blame them?

The government of Brazil has granted preferential tariff duties to United States products that compete with the Brazilian trusts. As a means of fighting these predatory corporations we might well follow the Brazilian example and put articles produced by our trusts on the free list. Competition is a sure trust buster.

Governor Cummins seems to keep mighty quiet about the "Iowa Idea," although one would expect from his former strenuousness he would, like Governor Guild of Massachusetts, be petitioning the President and the Congress for tariff revision. Surely, Governor, you are not afraid of Shaw, are you?

As long as the whiskey and alcohol trusts have so much influence in Republican councils it will be impossible for the farmers to get any advantage out of the free alcohol law. These trusts have the cash and are willing to spend it to elect Republicans who will help the corporations.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. BOYS UNDER ARREST.

For Misappropriating Big Roll From Atlanta Dry Goods House.

Atlanta, Feb. 26.—Otis Clark and Grady Willis, two 16 year old boys, were arrested Sunday night by Detectives Bayne and Starnes, and incarcerated at police barracks, a charge of suspicion being entered on the state dcket against them.

Some two weeks ago Clark, who worked at that time for the Famous, a dry goods store, at 124 Decatur street, was sent in the afternoon with a sum of money, which he was instructed to deliver to the general offices of the store in the central part of the city. Although there was but $48.80 in the envelope entrusted to Clark, the sum was in bills of small denominations, and it made a large roll.

At the psycological moment Clark came in contact with Grady Willis, the result of the meeting being, so Clark alleges, that he betrayed his trust and appropriated the money to his own use. At Willis' suggestion, the two boys lit out for Macon, at which place they spent the funds, and remained until Saturday night, when they returned to Atlanta.

Clark declares that his relatives will make good the sum wrongfully appropriated by him.

Grady Willis, the youth whom Clark charges with participation in the wrongful conversion of the money had a short and meteoric career with wine, women and song a little less than a year ago. At that time he was employed by the Knott & Awtry Shoe company, from which, it was alleged, he embezzled in small sums an amount aggregating $[illegible], with which he kept up the pace that kills, being profuse in the bestowal of his favors on a certain chorus girl. He was prosecuted for larceny after trust a few months ago in the superior court, but when the case was called, his former employers requested that it be nol prossed, his relatives having made restitution. Judge Roan gave the matter that direction, Willis having first solemnly promised the court that he would henceforth walk the straight and narrow path.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and [illegible] for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Saved Train from Destruction.

West Point, Feb. 26.—Rube Shank, a young farmer who lives at Glass, Ala., saved an early passenger train on the Chattahoochee Valley railway, from falling through a burning trestle in a ravine just beyond that station. He discovered the trestle burning, and flagged the train before it had reached it. He heard the whistle of the passenger train blow just before it would reached the death trap. All trains below Glass have been abandoned temporarily.

Believes He Had Right Man.

West Point, Ga., Feb. 26.—Harry Buckley, proprietor of the White House hotel, still feels confident that the arrest of Harper he has the right man, for the missing bank cashier who disappeared from New Britain, Conn., with over $300,000, belonging to other people. He says he is expecting a telegram every minute from the Connecticut chief of police, who went to Opelika Monday morning to decide whether Harper was the missing Walker or not.

Judge Wofford Dead.

Kansas City, Feb. 26.—John W. Wofford, judge of the criminal court, noted for his quaint philosophy, died Monday at the age of 69 years. He held that a wife has a right to "go through her husband's pockets," saying that when a man married he conferred this prerogative upon his wife. He served with distinction in the confederate army in a Georgia regiment.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Wreck on G. S. & F.

Macon, Ga., Feb. 26.—The Georgia, Southern and Flirida passenger train No. 3, which left Macon at 12:50 o'clock Monday morning for Jacksonville, was wrecked at 4 a. m. between Unadilla and Pinehurst. Following the wreck the cars took fire, and within a few minutes three cars were destroyed. Engineer Farmer was killed. The train was speeding at a rapid rate and leaped the rails. A few minutes after the accident occurred citizens of the surrounding section hurried to the scene. No water supply was available, and within a short time the cars were consumed by the flames.

The general offices will be abolished and T. F. Whittlesey, who held the position of general manager, will go to the Seaboard Air Line. The abolishment of the general offices is in keeping with the policy of B. F. Yoakum, chairman of the board of directors of the 'Frisco system, who recently made an inspection of the property.

Central May Open New Division.

Albany, Ga., Feb. 26.—A persistent rumor is in circulation in railroad circles here that the Central of Georgia road is to establish a new division with headquarters at Albany. The proposed new division will extend from Smithville, southwest, to the end of the Central's lines at Montgomery and Florala, Ala. Prominent officials of the Central were in Albany, Ga., Friday, and it is believed that their visit was in connection with the rumored new division.

FLAMES RAGE IN PITTSBURG.

General Alarm Has Called Fire Companies to Scene of Conflagration.

Pittsburg, Pa., Feb. 26.—A big fire is raging on Liberty street, between Eighth and Ninth streets. The six-story building at No. 819 Liberty street, opposite the Academy of Music, occupied by the Derby Desk company, is ablaze from the first floor to the roof.

It is thought the fire started from an explosion.

In a short time the roof and top floor of the Baker Office Furniture company building, next door, was on fire. The walls of the Derby Desk company building have fallen and the structure is a total loss.

Mina Williams, a stenographer, was crushed while escaping by way of the stairs, and a salesman, name unknown, was injured seriously in escaping from one of the adjoining buildings.

At 10 o'clock the general alarm was sounded, calling out all the fire departments in the down town district.

The firemen are now directing their attention to the six-story building, on Liberty street, occupied by the Grier-Ruch company, which has just started toburn.

At 10:15 a. m. the fire department water tower fell with a crash, tearing down the live wires, but no one was injured.

The collapse of the water tower wrecked the windows in the Academy of Music.

The loss will be heavy, but cannot as yet be estimated.

Sarah, Professor of Dramatic Art.

Paris, Feb. 26.—Sarah Bernhardt, the famous actress in speaking of her appointment as professor of dramatic art at the conservatoire, said: "I shall travel less, or course. Not that I am worn out, but because no other country tempts me. Paris holds me. For this past season I have had the pleasure of playing only poetic dramas. I have scored the highest in art, and I must continue in the best. Henceforth, I will live for art only. The professorship is gratifying to me. My theory of teaching is simple. My main effort will be to develop the pupils personality, not to create apes, but artists."

ORDINANCE NO. 127.

An Ordinance to Provide for the Paving of East Main Street from Liberty Street, thence North to Boundary Street, and for the Cost of Such Work, and Issuance of Special Assessment City Certificates to enable said City to pay the Cost of Such Work Pending the Collection of Special Assessments and Taxes.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the Board of Public Works be, and the said Board is hereby authorized and directed to pave, or to contract for the paving of East Main street, from a point where Liberty street crosses said East Main street, thence North to Boundary street, the same to be properly graded and paved with crushed flint rock; such paving shall include curb and gutter, which curb and gutter shall be constructed of granolithic or vitrified brick.

Section 2—That the cost of the paving of said East Main street, as provided in Section 1 of this ordinance, shall be paid as follows, viz: One-third of the entire cost of such paving shall be paid by the City of Gainesville, and two-thirds of the entire cost of such paving shall be paid by the special assessment of same against the property fronting or abutting upon said street in proportion to the frontage of the property fronting thereon. The estimated total cost of the paving of said street is Fourteen Thousand Four Hundred Sixty-three and Twelve One-hundredths ($14,463.12) Dollars; the estimated amount per front foot of the special assessment to be levied upon the abutting property, fronting on said street where the same shall be paved, is Three and Ten One-hundredths ($3.10) Dollars.

Section 3—The special assessment for the paving of said street, as provided in Section 2 of this ordinance, shall become due and payable as fast as the said street is paved, to be paid in the proportion as named in said Section 2, by the owner or owners of each and every lot, piece or parcel of land, fronting or abutting upon said street, where the same is paved.

Section 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable, for the paving of said street as fast as the same is paved, according to the special assessment against said property, as provided by Section 2 of this ordinance, to be paid, in order to enable said city to pay the cost of the paving of said street, pending the collection of said special assessments and taxes, said certificates to draw interest at the rate of Six (6%) per cent per annum. The amounts to be paid for the paving of said street shall be a lien on the lots, pieces or parcels of land fronting or abutting upon the same, and said lien shall be enforced by suit in equity, as provided by the charter of said city.

Section 5—The City Council shall, as soon as practicable after the completion of the paving of said street, meet, and by resolution fix the special assessment per front foot for the paving of said street, upon the abutting property, in the proportion of two-thirds, as named in Section 2 of this ordinance, said special assessment not to exceed two-thirds of the actual cost of the paving of said street, as provided by this ordinrnce, or, two-thirds of the estimated special assessment per front foot for such work, as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time, in a newspaper in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest, and any special assessment not so paid within said time shall bear interest from the date of the publication of such resolution at the rate of one (1%) per cent per month.

Section 6—The City Council shall meet on Tuesday, the 19th day of March, A. D. 1907, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied, to present their objections to the enforcement of the requirements of this ordinance.

Section 7—All ordinances or parts of ordinances, in conflict with the provisions of this ordinance, be, and the same are hereby repealed; and this ordinance shall take effect immediately upon it's passage and approval.

Passed in open session of the City Council this 15th day of February, A. D. 1907. G. K. BROOME, President of the City Council.

Attest: J. M. DELL, City Clerk.

The above ordinance is approved by me this 15th day of February, A. D. 1907. W. R. THOMAS, Mayor of the City of Gainesville.

Attest: J. M. DELL, City Clerk.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

KIRK SAVES THAT $40,000.

Will Not Have to Pay Gaynor's Forfeit Bond.

Washington, Feb. 27.—The case of the United States versus William Kirk, surety for John F. Gaynor, whose extradition from Canada on account of the charges against him in connection with the alleged frauds in the public works at Savannah, Ga., occasioned so much annoyance some years ago, was decided by the supreme court of the United States on Monday favorably to Kirk. The amount of Gaynor's bond was $40,000, and Kirk, who resides at Syracuse, N. Y., was his only surety. When Gaynor failed to appear in the Savannah court in 1902, as pledged by his bond to do, proceedings were begun in that court to collect on the bond.

Kirk resisted payment on the ground that he was not a resident of Georgia; that his property was located in Neg York and that he had no personal service. The district court for the northern district of New York and the court of appeals for the second circuit took this view, relieving Kirk from responsibility, and it was sustained by the decision, which has affirmed the decision of the court of appeals by a divided court.

Rounded Up the Vagrants.

Savannah, Ga., Feb. 27.—The Savannah police department started to solve the labor problem Monday night. Orders were issued to the relief, that went on, to look out for the vagrants. The police obeyed the instructions with a vengeance. The result was that 150 alleged vagrants had been rounded up at midnight and placed in the barracks. That is, the few who could give bond were the only ones to make their escape. All will be given a hearing in the recorder's court and probably the majority will be remanded to the city court, where they will stand a good show of going to the chaingang. Whites, as well as blacks, though the latter preponderated, were caught in the drag net.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, cold and croup, to which children are susceptible, are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by all druggists.

Women Trampled in Church.

Chicago, Feb. 26.—More than a dozen women and children were injured, several of them seriously, in a fire scare in an Italian church here Sunday. Two hundred persons became frightened by escaping vapor from a radiator and rushed from the building. Most of the injured were trampled upon or cut by glass from a window which was demolished.

EGAN RESIGNS FROM SOUTHERN

A. J. Bell, of Columbus, Division, to Succeed Him.

Macon, Ga., Feb. 27.—Superintendent Frank J. Egan, of the Macon division of the Southern railway, has resigned his position, to take effect March 1. No announcement is made regarding the resignation, other than that he will join his father in some South American enterprise within the next few weeks. It is believed that the two will embark in railway construction.

J. M. Egan, father of the superintendent of the Southern, was for a number of years president of the Central and both are well known in the railway world. Frank Egan has been in charge of the Macon division of the Southern since it was created last October. His leaving the position has proven not only a surprise, but a matter of general regret to those who knew of his enterprise and business capacity.

Mr. Egan will be succeeded by A. J. Bell, who is at present superintendent of the Columbus division of the Southern, with offices at Williamson. Mr. Bell in turn, will be followed by J. L. McLendon, the present Macon train dispatcher. J. C. Ellis, the present chief dispatcher, will succeed Mr. McLendon.

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

Gas Explosion Wrecks Building.

Saudnsky, O., Feb. 26.—Accumulated gas in the basement of the Bittner building, a three-story brick structure on Market street, in the heart of the city, exploded with terrific force Monday. The building and the big stock of furniture of Dilgart and Bittner, retail dealers, is a total loss. Hundreds of dollars' worth of glass was shattered throughout the city by the explosion. Thirty girls employed in Bretstein's laundry next door were thrown into a panic, several of them fainted and had to be carried out. No lives were lost.

Archibald Gunter Dead.

New York, Feb. 26.—Archibald Clavering Gunter, publisher, novelist and playwright, died suddenly on Saturday night from apoplexy in his home here. He had not been ill, and was engaged in writing the last pages of the manuscript of a play when he was fatally stricken. His first successful novel, "Mr. Barnes, of New York," went through edition after edition, and more than a million copies have been sold here and in England. In the dramatic field Mr. Gunter's best known work is "Prince Karl."

Don't Put Off

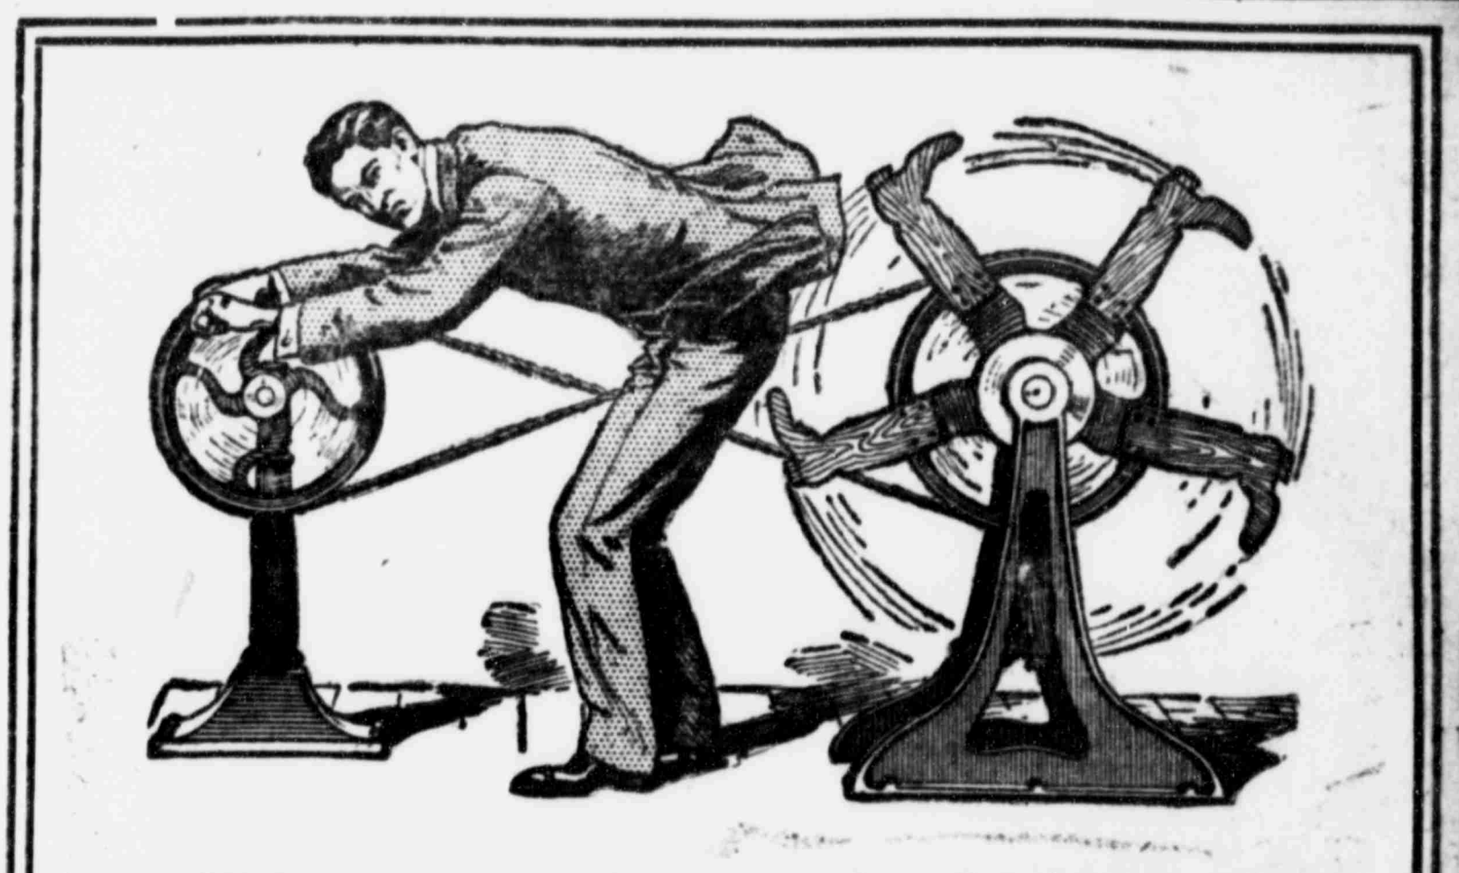
"Monkey Girl" Burned.

Columbia, S. C., Feb. 26.—"Wild Rose," the monkey girl from Yucatan, a freak which has been an exhibition here by a carnival company, was burned so badly Saturday night that she died early Sunday morning. She was 45 years old, ignorant and idiotic, making her wants known by inarticulate sounds. She was left alone locked up in a room. A dog's frantic yells attracted attention to the fire.

A Baby

Should be sunshine in the house, and will be if you give it White's Cream Vermifuge, the best worm medicine offered to suffering humanity. This remedy is becoming the permanent fixture of all households. A mother with children can't get along without a bottle of White's Cream Vermifuge in the house. Sold by W. M. Johnson.



This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Steel Rails for Japan.

New York, Feb. 26.—A cablegram received here on Saturday from the Japanese government called forth immediate shipment of the largest tonnage of steel rails ever made to the far east and for which a premium will be paid. Fifty thousand tons of steel rails have been ordered from the United States Steel corporation. The rails will be rolled in the Carnegie mills and will weigh sixty pounds to the yard. So anxious are the Japanese to get the material that $28.50 will be paid at the mills. The ruling quotation for domestic rails is $28, f. o. b., at Pittsburg. The rails will be used for laying the first sections of the extensive net work of railways to be built in Manchuria by the Southern Manchuria Railway company.

Gas in the Stomach?

Belching and that sense of fullness so often experienced after eating is caused by the formation of gas. The stomach fails to perform its functions and the food ferments. Chamberlain's Stomach and Liver Tablets will correct the disorder. They aid digestion and strengthen and invigorate the stomach and bowels. For sale by all druggists.
